**My Little Book of
Big Questions**

How will I see the world
when I am **grown** up?

Will I find my **place** in life?

Why do I feel that you're **close** by?

What will **become** of me?

Will I be a famous
football player?

Will I be able to fly someday?

Is the world **inside** or
outside of me?

Do **flowers**, when they grow,
feel the same as I do when I grow?
